'A' sections
Government college
autonomous mandya.

Introduction

- The Farmer World is a Android app it helps Farmers to exchange their farming product with each other without using money.
- Farmer World is also helpful for farmers to share their agriculture experiences and ideas with each other.
- The Farmer World app it helps to providing an job opportunity to un-employee's for the development or usages of un-used agriculture land .
- The Farmer World includes three contents
    1. Product exchange
    2. Join discussion
    3. Working opportunity

SOFTWARE AND HARDWARE DESCRIPTION

Minimum Hardware Requirements
- Processor   :   Intel i3 2 .4GHz
- Hard Disk   :   40GB
- Ram   :   4 GB or above

Software Requirements
- Operating system: Windows 7 and above
- Coding Language :   Java,xml
- Database   :   Firebase
- IDE :   android studio

Modules:

1.Product exchange:

➢ The module of product exchange it helps farmers to exchange their farming product with each other without using money.

➢ And it's prevents fraud by middlemen to farmers.

➢ The product exchange to helps the importance of money to the farmers will be reduced and they will be able to lead a better life.

2. Join discussion:

➢ The content of join discussion is very useful ,it helps farmers to share their agriculture experience and ideas with each other.

➢ And is also useful for farmers knowing different crops and discussion is doing so will helps know how get to more profit in less land and using less water.

➢ Using this module discussion about different types of infection or disease that occur to the crops. And make farmers aware of organic farming.

3.Working opportunity:

➢ The module of working opportunity it helps to providing an job opportunity to un-employee's for the development or usages of un-used agriculture land.

➢ The working opportunity is very helpful for youth to consider agriculture as their professional jobs. And also decrease un-employees rate in our country.

➢ For example if I have 40 acres of farming land but there is no one her to farm so I will give working opportunity in this app to those who are interested to forming and I will give 20,000 per moth + food and accommodation free.

The following flowchart representation the working mode of our project
